REASONS FOR ALLOWANCE

1. Claims 1-24 allowed over prior art.
2. The following is an examiner's statement of reasons for allowance: The prior art made of record does not teach a server configured to transfer a software agent to the communication hub. The software agent is operational when executed by the communication hub to manage off-hook detection, dial-tone generation, called number digit collection, and ring-back generation for the analog telephone to establish a telephone call, and to exchange control messages to establish the telephone call. A session manager configured to exchange the control messages with the software agent in the communication hub, and in response, to control the communication system to establish the telephone call. In response to the session manager, the network elements provide a digital communication service for the telephone call over the digital communication link.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Wulkan et al (US 5,862,203) discloses a call management system for choosing the optimum telecommunications carrier for telephone calls made by a user. The

system intercepts digits dialed by the caller or user and determines an optimum route for the call base on a plurality of parameters.

Petro (US 4,879,738) discloses a digital telephony card for use in an operator system.

Kaphan et al (US 6,141,339) discloses a system includes a residential hub that is connected to the communications system over a DSL connection. The residential hub converts voice traffic to ATM for transmission over the DSL connection.
